

Christ's Co-Mission International

Fourth Quarter 2007

As we reflect on 2007, it has been an amazing journey...

The Lord has added one hundred students to the Loved By Jesus School family. What a blessing recently to hear staff members say, "We can do it!" when asked if they could replicate loving and creative teaching methods exemplified by some US guests.

As the Lord guides us to provide economic solutions for the unemployed, the total number who received wages through our West African affiliate in 2007 doubled to over fifty.

US volunteers are becoming increasingly involved as the Lord provides opportunities to serve.

We are so grateful to those who have brought encouragement this past year and who have joined with us in this Co-Mission.

Intercession

Encouragement

Training

It is our prayer that the Lord would truly be glorified and that each of us would follow Him wholeheartedly throughout 2008 and beyond!

"Seeking first His kingdom with Christians globally"
