

# Christ's Co-Mission International

May - June 2006 Newsletter

Our first Member's Retreat in Ghana, was a blessing. When asked why they had joined the mission, the first response was: "*For the redemption of Odumase*". Although we do find renewed purposes for used donated and discarded items, our primary aim is to point individuals to Jesus, the Redeemer of lives. He is the only hope for deliverance as his Spirit guides those who abandon sin and embrace His will. We are grateful for the opportunities the Lord provides to be involved with His redemptive purposes:

Vacation Bible School, PTA meetings, Visiting the sick: God had raised Pastor Oscar's wife (right) from a coma

Our first LBJS Open Day was an exciting time for both children & school staff. Mrs. Anne Annable from CT was one of the speakers and communicated the importance of living out our school's name – Loved By Jesus.

We are entering into plastic bag production. It is a modest start but producing plastic items will help the mission provide more work for unemployed Christians. Let's see how the Lord develops this. God was so good in providing visiting Christian brothers to help with ongoing school construction. Your prayers for Mrs. Anne are a blessing as she enters her fourth month of redemptive ministry.

"Seeking first His kingdom with Christians globally"
